SENATE BILL

No. 1819

Introduced by Senator Ashburn

February 20, 2004

An act to amend Sections 4514 and 5328 of the Welfare and Institutions Code, relating to confidential information.

LEGISLATIVE COUNSEL'S DIGEST

SB 1819, as amended, Ashburn. Mental health and developmental services: confidential information.

Existing law makes all information and records obtained in the course of providing intake assessment and services under statutes relating to services for persons with developmental disabilities and persons with mental illness *confidential*, and permits disclosure only under prescribed conditions, including, but not limited to, the courts as necessary to the administration of justice.

This bill would, ~~for records and information of a person with developmental disabilities, include within the authorized conditions of disclosure,~~ *authorize the disclosure of the above information and records* to a state civil service employee against whom an adverse action has been filed as necessary to defend against the action *if certain conditions are met*.

The bill would also make technical corrections.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 4514 of the Welfare and Institutions Code is amended to read:

Information and records obtained in the course of providing similar services to either voluntary or involuntary recipients prior to 1969 shall also be confidential. Information and records shall be disclosed only in any of the following cases:

(a) In communications between qualified professional persons, whether employed by a regional center or state developmental center, or not, in the provision of intake, assessment, and services or appropriate referrals. The consent of the person with a developmental disability, or his or her guardian or conservator, shall be obtained before information or records may be disclosed by regional center or state developmental center personnel to a professional not employed by the regional center or state developmental center, or a program not vendored by a regional center or state developmental center.

(b) When the person with a developmental disability, who has the capacity to give informed consent, designates individuals to whom information or records may be released, except that nothing in this chapter shall be construed to compel a physician, psychologist, social worker, marriage and family therapist, nurse, attorney, or other professional to reveal information that has been given to him or her in confidence by a family member of the person unless a valid release has been executed by that family member.

(c) To the extent necessary for a claim, or for a claim or application to be made on behalf of a person with a developmental disability for aid, insurance, government benefit, or medical assistance to which he or she may be entitled.

(d) If the person with a developmental disability is a minor, ward, or conservatee, and his or her parent, guardian, conservator, or limited conservator with access to confidential records, designates, in writing, persons to whom records or information

1 may be disclosed, except that nothing in this chapter shall be
2 construed to compel a physician, psychologist, social worker,
3 marriage and family therapist, nurse, attorney, or other
4 professional to reveal information that has been given to him or her
5 in confidence by a family member of the person unless a valid
6 release has been executed by that family member.

7 (e) For research, provided that the Director of Developmental
8 Services designates by regulation rules for the conduct of research
9 and requires the research to be first reviewed by the appropriate
10 institutional review board or boards. These rules shall include, but

24 or conservator, and I further agree not to divulge any information
25 obtained in the course of the research to unauthorized persons, and
26 not to publish or otherwise make public any information regarding
27 persons who have received services so those persons who received
28 services are identifiable.
